WARNINGS AND PRECAUTIONS

Calcitonin Salmon Nasal Solution may cause serious side effects, including:

- allergic reactions such as hives, fluid-filled blisters, hand or foot swelling, or a severe rash that covers a large part of your body
- low calcium levels in your blood (hypocalcemia)
- if you have low blood calcium levels, avoid using Calcitonin Salmon Nasal Solution. It may get worse during treatment.
- your low blood calcium levels may be more severe if you use Calcitonin Salmon Nasal Solution. Most people with low blood calcium levels do not have symptoms, but some people may have symptoms. Call your healthcare provider right away if you have any of these symptoms of low blood calcium:
  - numbness or tingling of your fingers, toes, or around your mouth
  - muscle spasms or weakness
  - drowsiness, confusion, or irritability

Calcitonin Salmon Nasal Solution should be discontinued if you:

- are allergic to calcitonin-salmon or any of the ingredients in Calcitonin Salmon Nasal Solution
- have any medical conditions
- have low calcium levels in your blood
- are pregnant or plan to become pregnant. It is not known if Calcitonin Salmon Nasal Solution will harm your unborn baby.
- are breastfeeding or plan to breastfeed. It is not known if Calcitonin Salmon Nasal Solution passes into milk and if it affects your baby.

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

Tell your healthcare provider if you take:

- lithium
- your healthcare provider may need to change your dose of lithium while you use Calcitonin Salmon Nasal Solution.

Know the medicines you take. Keep a list of them to show your healthcare provider and pharmacist when you get a new medicine.

How should I use Calcitonin Salmon Nasal Solution?

For detailed instructions, see the Instructions for Use at the end of this Patient Information leaflet.

- Use Calcitonin Salmon Nasal Solution exactly as your healthcare provider tells you to use it.
- Do not use Calcitonin Salmon Nasal Solution until your healthcare provider shows you and you understand how to use it correctly.
- Use 1 spray of Calcitonin Salmon Nasal Solution, 1 time each day, in 1 nostril (inside your nose). Start with 1 spray in your left nostril on your first day, followed by 1 spray in your right nostril on the second day. Continue to switch nostrils for your dose each day.
- Your healthcare provider should check your nose before you start using Calcitonin Salmon Nasal Solution and often while you are using it.
- Tell your healthcare provider if you start to have discomfort (itching) in your nose that bothers you, even if the bottle is not completely empty. Keep track of the number of doses of medicine used from your bottle.
- Do not use too much Calcitonin Salmon Nasal Solution. If you use too much, call your healthcare provider or go to the nearest hospital emergency room right away.

What are the possible side effects of Calcitonin Salmon Nasal Solution?

Some people have had an allergic reaction when using Calcitonin Salmon Nasal Solution. Some reactions may be serious and can be life-threatening. Call your healthcare provider right away if you have any of these symptoms of an allergic reaction:

- trouble breathing
- swelling of the face, throat, or tongue
- fast heartbeat
- feeling dizzy or faint

If you have used Calcitonin Salmon Nasal Solution, your healthcare provider should check your blood calcium levels at least once a year. If you stop using the medicine, your healthcare provider may need to check your blood calcium levels more often.

How do I store Calcitonin Salmon Nasal Solution?

- Store open bottles of Calcitonin Salmon Nasal Solution at room temperature between 20°C to 25°C (68°F to 77°F) for 35 days.
- Store unopened bottles of Calcitonin Salmon Nasal Solution in the refrigerator between 2°C to 8°C (36°F to 46°F). Do not freeze.
- Store Calcitonin Salmon Nasal Solution bottles in an upright position.

Safety:

While away from home, keep your Calcitonin Salmon Nasal Solution in the trash after you have used 30 doses (sprays).

Keep Calcitonin Salmon Nasal Solution and all other medicines out of the reach of children.

General information about the safe and effective use of Calcitonin Salmon Nasal Solution.

Medicines are sometimes prescribed for purposes other than those listed in a Patient Information leaflet. Do not use Calcitonin Salmon Nasal Solution or other medicines to treat a condition for which it was not prescribed. Do not give Calcitonin Salmon Nasal Solution to other people, even if they have the same symptoms you have. It may harm them.
